

## **Testimonial from Niramaya Health Foundation**

*“Aarti Foundation has been Niramaya’s consistent donor and well-wisher for more than 10 years now. Through their donation, we could support more than 15 thousand malnourished children in these 10 years. More than a funding partner, Aarti Foundation, Mr. Dilip Tolat and Mrs. Rekhaji have been very supportive, appreciative of our work and advocates of Niramaya’s programs in overseas.*

*Aarti Foundation not only supports Niramaya’s health interventions financially but also believes in Niramaya’s work. We feel fortunate for being associated with Aarti Foundation for so many years and look forward to continue this association for many more years to come.”-*

Dr. Janaki Desai, Founder of Niramaya Health Foundation.
